

Key-58411589

30/5/14 Specifications of 24 V SPD (SPD/24 V)

(for power supply line)

SN	Items	Required Value
1	Nominal voltage	24 V DC
2	Rated voltage (max. continuous operating voltage)	$\geq 30V$ DC
3	Nominal current	$> 10$ A
4	Nominal discharge current (8/20)	$\geq 0.7kA$
5	Maximum discharge current	$\geq 2kA$
6	Voltage protection level	$\leq 200$ V
7	Response time	$\leq 25$ ns
8	Operating temperature range	$-10^{\circ}C \dots + 80^{\circ}C$
9	Mounting on	35 mm DIN-rail
10	Device failure indication	Required

Note - 1. Make of Standard International product like - Phoenix, OBO, DEHN, ERICO, Translectos, Furze, Emerson etc.

2 → UL certificate (with link) /  
 \* KEMA certificate should be submitted of the product alongwith the technical data sheet with the offer.
