

ELECTRIC LOCO SHED, ITARSI

Electric Loco Shed, ET was set up in July-91 by Railway Electrification Bhopal as a part of BPL–KNW electrification scheme. It has been designed to home 100 electrical locomotives. At present holding of electric loco shed, itarsi is 195 locomotives, which includes WAP-4, WAG-5 and WAP-7 type of locomotives. The shed was initially conceived as a 'Goods Locomotive Shed' and 18 goods locomotives were held in the starting.

With passage of time, the mail express requirement of electrified area of Central Railway increased, therefore, a few new passenger locomotives were also continuously supplying by CLW from 2010. Presently shed extension work is being carried out for homing 250 locomotives.

Maintenance of locomotives are being carried out by 664 Nos. staff in 24 X7 Hrs. Electric loco shed has excelled in various quality standards.
