Sub. : - Welder's Training calendar for the year 2021.

Regional Railway Welding Institute (RRWI) is the professional welding institute and also a Centre of Excellence in welding training. Due to situation of Covid - 19 pandemic the courses of RRWI which were running online is now being restored as usual (offline). The training courses will be organised in previous mode as per the DOPT guideline.

The centre will provide training in various welding process i.e. SMAW, GMAW, FCAW, GTAW & PAC. To improve the training Quality the institute had modernised it's all M & P and infrastructure with the introduction of advanced MIG pulse machine, plasma arc cutting machine, AC/DC Gas tungsten pulse arc welding machine, The inclusion of new welding power sources will help to welder to undergo training of SS welding as per the need of railway RRWI has one goal to develop competency in welder as per the need of Railway & in the same context institute fulfils the all the norms of ISO 3834-2:2005 QMS in welding accordingly evaluation is being done on the basis of its norms to ensure availability of qualified welders in the field.

The RRWI has trained nearly 5190 welders and 117 supervisors in different modules. Following courses are planned for the year 2021.

S. No.	Name of course	Eligibility/ Purpose of Training	Quota for each Railway per course	Capacity per course	Duration In weeks
01	Module - I	For newly recruited welders on promotion from Group-D/direct recruit Gr. - III to MCM.	Two trainees course/Railway unit	15	Four weeks
02	Module - II	Refresher courses for existing welders Gr. - III to MCM (Preferable once in Five years).	Two trainees course/Railway unit	15	Three weeks.
03	Module - III	Need based training on specific topics like weld distortion, metallurgy & weld joint design etc. for welders Gr.- III to MCM	Two trainees course/Railway unit	15	Two weeks
04	Module -IV&V	Mechanical supervisors, welding inspectors and C&M staff. Supervisors of ROH, Sick line and Diesel shed and Training for Newly / direct recruit mechanical supervisors.	Two trainees course/Railway unit	20	Two weeks
05	MRT - 10	Newly recruited mechanical supervisors (App. SSE/JE) (As per Rly. Board Trg. manual)	Minimum Ten supervisor (App. SSE/JE) from STC Ajmer and Jhansi	20	One Week

Training calendar of RRWI for welders and supervisors training for the year - 2021 is enclosed herewith for ready reference. The nomination of welders can be done for entire year well in advance for full utilization of courses. It may be noted that those welder achieve "A" grade in the training don't require to pass the evaluation again by ISO:9606 for steel up to 02 years as per ISO 3834-2. Only one course has been planned for Module – III (Need base) and IV & V (For Mechanical supervisors) in the month of November this year.

Respective Railways may intimate their requirement at least 01 month in advance for the above courses, to ensure accommodation in hostel for trainees. The Institute is equipped with well furnished Hostel along with Messing facility on chargeable basis.

It is requested to advise all concerned to ensure timely booking of staff for the above welding courses for optimum utilization of training facilities.
