Sub. :- Joining of Welding Course in RRWI, CRWS/BPL

It is well known that our country suffered very badly in second wave of Corona Pandemic caused high mortality rate & huge no of case. In Welding training the instructors, staff and trainees had to in close proximity to each other in day to day training activities. Hence administration is taking precaution to prevent trouble to the trainees. The Government of India is Conducting Vaccination drive and CRWS/BPL also taking all necessary steps to ensure that RRWI is prepared well to face the challenge and threat posed by the third wave of Covid-19 expected in near future as per expert. In the same context the administration decided that it will be compulsory for all trainees to fulfill of the following terms prior to their registration or enrollment in all courses of RRWI.

1. Fully Vaccinated
2. Partially Vaccinated
3. Produce RTPCR/Antigen negative test report not older than 48 Hrs.

It will be for benefit them also for travel and safe stay at hostel. The employee who had vaccinated will be uploading their certificate on CO-WIN app which can be digitally verified at the time of registration. In view of safety all trainees should follow Corona appropriate behavior during training at RRWI. Regarding On Line Course the requirement may send separately to schedule and plan the course at RRWI.
