The train reaced destination 397 minutes late from the scheduled time. We missed an important fuction due to this delay and its unacceptable. I checked the running history and found that average delay is around 260 minutes with minimum delay of 33 minutes and maximum delay of 397 minutes. Clearly this variance in arrival time shows the negligence of railway staff rather than the infrastructure. Proof attached. I demand an immediate explanation for the reasons behind these delays for every day train was running late from 1st January 2023 to 11th March 2023 . The explanation should include the minute wise delay reason in individual stopping station(including NZM) and the staff/position responsible for the negligence or any cause which might be occuring. For every problem what is the timeline for resolving and the steps currently taken/planned. I expect a detailed and satisfactory response regarding the reasons for delays and the measures being taken to improve punctuality on your railway network. I also demand that the railway company takes this issue seriously and implements strict measures to ensure the timely arrival and departure of trains.	13-03-23	TRANSFER REQUEST TO OTHER PUBLIC AUTHORITY

You have given very short notice about a month and the letter has not come to me then how can I take objection? 3. I have taken mutual transfer on 29/05/2019 and you have considered my mutual transfer date as my joining date which is against the mutual transfer rule. 4. 2489	WCRLY/R/E/23/00391	Purnima Jain	Railwaymen	Kindly provide the information regarding, 1. Department wise staff details, mentioning the number of employees recruited from compassionate grounds, LARGESS scheme and directly recruitment from open market (RRC&RRB). Indian Railways should focus more on Capacity building, Pruning-down bureaucratic tall-hierarchy, Decentralized decision making, Ending silo working and departmentalism for providing better services. Indian Railways is starving for structural reforms. Operating department and signaling departments are to be merged, as railways is a dynamic job which requires 24x7 supervision. Operation & maintenance (O&M) has be handled by one department to avoid blame game. A small miscommunication between a signal maintainer and station master can lead to an another Balasore. Balasore exposed the lapses in railway working style. Departments working on similar grounds are to be merged for better resource utilization and manpower planning. Million-dollar question in Indian Railways: Considering the nature of duties of Station master, why SM post is categorized as Non technical. Why always S&T and other technical departments has to take all the blame whenever any breakdown/Mishap happens. Points-man duties are confined to waving off flag for passing trains with automatic signaling system. 1417	WCRLY/R/E/24/00202		Jeevan Priya	Sir/Madam, I am writing to request information under the Right to Information Act - 2005 and in accordance with the CIC decision No. CIC/SG/A/2012/000211/18093 dated March 27, 2012. In the aforementioned CIC decision, the commission ruled as follows: The PIO has refused to provide information regarding the leave application and the attendance register, claiming exemption under Section 8(1)(j) of the RTI Act. The Appellant contends that the information he is seeking pertains to certain officials appearing before the Commission as appellants and being recorded as present on the attendance register. The Commission notes that in numerous decisions, it has held that information relating to leave and attendance registers cannot be considered exempt information, as it pertains to public activity. Considering the Appellants argument that he seeks information regarding individuals appearing before the Commission as appellants in their private capacity, it appears that the denial of information was intended to conceal this information. The Appellant has faced harassment in approaching the Commission for the appeal, as the PIO and the First Appellate Authority did not apply their minds at all and refused the information. In view of this, the Commission, under its powers under Section 19(8)(b) of the RTI Act, awards compensation of Rs.2000/- to the Appellant for the harassment of filing the appeal and the delay in obtaining the information. This compensation is being awarded to compensate the appellant for the loss and detriment suffered by him. Decision: The Appeal is allowed. The PIO is directed to provide the complete information to the Appellant before April 15, 2012. The PIO is also directed to ensure that a cheque of Rs.2000/- as compensation is sent to the Appellant before May 30, 2012. Therefore, I kindly request detailed attendance particulars, along with attested true copies of the concerned records, including attendance registers, leave applications, sick leave records, and any other relevant documentation of Mr. Purushottam Yadav, O.S. working under Sr.DPO / Kota WCR from January 2014 to the present/today. Thank you for your attention to this matter. Please ensure the information is provided accurately and comprehensively.	06-05-24	TRANSFER REQUEST TO OTHER PUBLIC AUTHORITY

				BOARD, in matter of Policy Regarding Extension of plot of land, change of ownership & regularization of name/ownership etc,in continuation of its previous cir.No.97/LML/18/67 dt.25/06/1998, issued by Rly. BOARD,(Copy attached).Vide above circular it was notified inter alia as under. It has been decided to permit one time opportunity to change af name of allottee, regardless of whether they are legal heirs or not, af the original allottees.The regularization will be subject to: (i) Payment of all outstanding payments by the party with 7% simple interest & levy of a conversion charge (i.e.change of name of licensee) equivalent to one year license fee Para 821 sub para(h)of INDIAN RAILWAYS CODE FOR THE ENGG. DEPTT. is as under. 821(h) The license agreement shall provide for Sec.Deposit & Liq.Damages as per Para 1025,1026 &1027 of Indian Rlys.Code for Engg. Deptt. Para 1025 sub paras (iii) & (v) of INDIAN RLY. CODE FOR ENGG. DEPTT. is as under. 1025-.In all cases of licensing of rly. land to outsiders license agreement should provide inter alia for 1025 (iii).When the duration of license is 1 year or more,12 months occ.fees should be recovered in advance with a grace period of 1 month. 1025 (v) in case of advance occ.fees as per sub-para (iii) above is not paid by the party within the stipulated period of 1 month the occupant shall also pay liq.damages@ 1% p.m.or part thereof to be reckoned from due date to date of actual payment. Liq. damages mentioned in para 1025 sub para(v)is interest only. 1.Clarification Sought It is my understanding, based on circular dt. 26/07/2004 & discussions with officials, that a lawful occupier who applies for regularization of name as per the circular, and agrees to pay all outstanding dues(without liquidated damages) with a 7% simple interest, is only liable to pay 7% interest on the principal outstanding amount. This includes only the occupation fee and conservancy cess. Specifically, I seek confirmation that he is not liable to pay 7% interest on the liquidated damages,which is a 12% interest as per Para 1025, sub-para (v) of the Indian Rly. Code for the Engg. Deptt.My interpretation is-The 7% simple interest applies solely to the principal amounts due(without liquidated damages),& not on the liquidated damages interest,			TRANSFER REQUEST TO OTHER PUBLIC

E(NG)I/2019/TR/10 dates 17.08.2023 for transfer of non-gazetted staff (master circular no.24) Point 9 clearly state that both spouses should be posted mandatorily at same place or nearby place, and case should be considered sympathetically. This point further provides sub point (i) ,(ii), (iii) , (iv), (v) which clearly indicates the priority of disposal of cases if more than one such cases are pending. In above matter first priority comes to both spouse is in railways to last one of them is in PSU. is my interpretation of paragraph is right or wrong? 1) what should be priority of disposal of transfer file if more than one cases of different type pending on same date? 2) Point 9.1 clearly says this effort is being made to increase representation of women in central govt. Since railway is responsible for only railways matter then railway should prioritize its women employee first instead of anyone else. it means women working in railway should get priority over women working in some PSU. kindly state departmental view on that.? 3) if more than one pending cases of different kind of spouse like both are railway employee, one is railway other is state govt, one is railway other is psu are pending on same date which case will be prioritized fist?	14-10-24	REQUEST DISPOSE OF

E(NG)I/2019/TR/10 dates 17.08.2023 for transfer of nongazetted staff (master circular no.24)Point 9 clearly state that both spouses should be posted mandatorily at same place or nearby place, and case should be considered sympathetically. This point further provides sub point (i) ,(ii), (iii) , (iv), (v) which clearly indicates the priority of disposal of cases if more than one such cases are pending. In above matter first priority comes to both spouse working in railways compared to other spouse if they both are not in railways. Point 9.1 clearly says this effort is being made to increase representation of women in central govt. Since railway is responsible for only railways matters then railway should prioritize its women employee first instead of anyone else. 1739	WCRLY/R/E/24/00488		MANISHA KUMARI	I was travelling with my two childrens on dated 26.10.2024 in AII BGP Express/13424 in 2 tier AC from Kota to Mokama with eticket. We have two confirmed tickets and one ticket was not confirmed, so I took a general counter ticket at Kota station and boarded the train after inform it to the TT. After the train left Kota, we told the TT to make one ticket for 2 tier AC because one of my eticket was not confirmed. He made a challan ticket with a fine of Rs 3100. And he did not even deduct the amount of the counter ticket, and when asked, he behaved with us like goons and forcefully went away using unparliamentary language without giving any explanation. For a common citizen, I want to know from the board that 1. Need details of challan ticket.2. Is there a fine even after informing the TT before boarding the train?3. The person whose challan ticket has been issued is a minor and she is travelling with her mother who has a confirmed ticket. Will she be penalized?4. Why was the amount of the counter ticket not deducted from the challan ticket?5. Does not the passenger have the right to ask the TT for the details of the challan ticket? And when asked, unparliamentary language should be used and no male member should be polite towards women and they should be treated badly. 5. Request to board take n/a against him.	27-10-24	TRANSFER REQUEST TO OTHER PUBLIC AUTHORITY

1787	WCRLY/R/T/24/00481		MANOJ KUMAR SINHA	Respected Sir, Railway Administration has converted the waiting rooms of major stations of IR into paid waiting halls. For waiting one has to pay Rs. 30/- or some other fixed amounts for one hour. The same is managed by private contractors. Also Railway Administration issues privilege or complimentary passes to serving or retired Railway servants. At few places passengers holding Railway Passes are allowed to wait free of cost in such waiting halls but at few places they are not allowed. Therefore I request you to provide following information under RTI Act 2005. 1. List of stations over IR where a facility of paid waiting hall is available. 2. Copy of instructions and guidelines issued by Ministry of Railway regarding charges for such staying in waiting hall from passengers of confirmed ticket holders. Please arrange to provide the terms and conditions of at least one station. The terms and conditions of Haridwar station may be provided. 3. Copy of instructions and guidelines issued by Ministry of Railway regarding entry of serving or retired Railway servants holding privilege or complimentary passes in paid waiting halls. Please provide detail information regarding charges and other conditions. 4. Time is precious for all. But passengers have to wait at stations mostly due to late running of trains. There is no role of passengers in late running of trains as trains become late due to operational constraints or some other reasons. Please arrange to provide details of arrangements made by Railway Administration for waiting at stations due to late running of trains to avoid inconveniences to passengers. Thanking You	25-11-24	TRANSFER REQUEST TO OTHER PUBLIC AUTHORITY

2040	WCRLY/R/E/24/00531	Anurag Pandey	Naveen Gupta	Please find enclosed herewith my RTI application dated 27.09.2024 along with the reply dated 17.10.2024 received from the IRCTC regarding initiation of refund as subject train as mentioned in the RTI application has been announced as cancelled by the Railways. IRCTC in its reply dated 17.10.2024 inter-alia informed that the train number 20451 which was initially marked as cancelled by Railways, was finally marked as RESTORED normal running from SGAC to NDLS at 10:27:59 Hrs on date 14-SEP-2024 against train start date 16-SEP-2024. As the train has been restored and run normally, ticket with PNR number 8802938236 is not eligible for refund. Train Operations which include sending SMS to booked passengers is done by Railways and not by IRCTC as IRCTC has no role in it. In this regard it is to submit that I have only been informed about the cancellation of the subject train (screenshot of the message and ticket is enclosed). Once I have received this information, I had to take my journey on the same date i.e. 16.09.2024 by another train i.e. Train Number 12401. Furthermore, I have not been informed about any restoration by the Railways. Further, IRCTC in its reply dated 17.10.2024 also stated that the printed departure and Arrival Times are liable to change. Please Check correct departure, arrival from Railway Station on Enquiry or Dial 139 or SMS RAIL to 139. In this regard, it is to submit that once a passenger had already been informed about the cancellation of a train by the Railways itself why He/She is being expected to check again the correct departure/arrival of a Train. In view of the above submissions, it is requested to initiate the refund in respect of the ticket with PNR number 8802938236 as early as possible. Further, if the information requested dose not pertain to your office the same be transferred to the appropriate Public Authority/CPIO as per the provision of Section 6 (3) of the RTI Act, 2005.	26-11-24	REQUEST DISPOSE OF

Due to tall hierarchy, there is no empathy for the employees working under the officers, they feel as if they are supreme rulers. 9. Government is pouring lots of money for infrastructure development in railways, but due to incompetence and corruption, there is poor quality in work. 10. Why station master post is categorised as non technical post. Why pointsman job is soo lucrative job among group -D aspirants. For example one yard is being modified in some doubling work by construction/RVNL, the same yard is also being modified as part of amrit bharat station scheme by gathi sakthi organisation with no idea what is the scope being done by both. 32	WCRLY/R/E/25/00291	Anurag Pandey		matter of adding the word Junction to Gangapur City Railway Station. Respected Sir/Madam, I am attaching a PDF file containing relevant documents for your kind reference. You are respectfully requested to go through the attached file thoroughly before taking further action. Please do not compel me to file repeated RTI applications on the same subject. I am being forced to file multiple RTIs only because of incomplete or unsatisfactory responses. Unless I receive a satisfactory and conclusive reply, and until Junction is officially added to the name of Gangapur City Railway Station, I shall continue to pursue this issue via RTIs and CPGRAMS complaints. This matter should be treated with due seriousness. It is wasting both your time and mine, which can be avoided with timely and correct action. Key Basis of My RTI and Attached PDF: 1. As per RTI reply received from South Central Railway (SCR), and CPGRAMS replies from Northern Railway and North Western Railway- the correct procedure for adding Junction to a station name is that the proposal must be sent to IRCA, New Delhi, not to the Railway Board or Ministry of Home Affairs. 2. As per notifications uploaded on the official websites of various Zonal Railways - whenever a station is declared a junction, the notification for adding the word Junction is published after getting approval from IRCA (Indian Railway Conference Association), not from the Railway Board or MHA. Clear Findings from All Evidence Attached: Adding Junction is NOT a name change. It is a normal name modification, a routine process when a station becomes a functional junction. Final approval for name change lies with the Ministry of Home Affairs, but adding Junction does not fall under that category. Therefore, the proposal for Gangapur City should have been sent to IRCA, New Delhi, just like other Zonal Railways do not to the Executive Director (Passenger Marketing), Railway Board. Strong Observation: WCR has unnecessarily delayed the process by sending the proposal to the Railway Board, instead of sending it directly to IRCA, which is the appropriate authority for such modifications. You are requested to immediately forward the proposal to IRCA, New Delhi, following the same process used by NR, SCR, NWR, and others. Note: This attached document and note are provided only for your	10-07-25	FORWARD REQUEST TO DEEMED PIO
